## INDEPENDENT AUDITOR'S REPORT

To the Mayor and Town Council Town of Ridgeland, South Carolina

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ridgeland (Town), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison and historical pension information on pages 3–11 and 43–45 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2020, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Ridgeland, we offer the readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with the accompanying financial statements and notes.

## Financial Highlights

- The assets and deferred outflows of the Town exceeded its liabilities and deferred inflows by \$16,396,822 at June 30, 2020 as compared to \$14,546,195 at the end of the previous fiscal year. The net position in the governmental activities decreased \$68,290 while the net position of the proprietary fund increased \$1,918,917.
- As of the close of the fiscal year the Town's governmental fund reported an ending fund balance of \$2,763,562 as compared to \$2,815,995 for the previous fiscal year, resulting in a decrease of \$52,433, as compared to a decrease in the previous year of \$305,822.

## **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction of the Town's basic financial statements. The basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The Town also includes in this report additional information to supplement the basic financial statements.

## **Required Components of Annual Financial Report**

### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide a broad view of the Town's operations in a manner similar to a private-sector business. These statements provide both long-term and short-term information about the Town's overall status.

The first of these government-wide statements is the Statement of Net Position. The Statement of Net Position presents information on all the Town's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two being reported as net position. Over time increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The second government-wide statement is the Statement of Activities. The Statement of Activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

#### Fund Financial Statements

These statements provide more detailed information about the Town's most significant funds – not the Town as a whole. A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two fund types – Governmental Funds and Proprietary Funds.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Governmental funds focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided to reconcile the two types of statements.

Proprietary Funds are used to account for services for which the Town charges customers a fee. Proprietary funds, like the government-wide statements, provide both long and short-term financial information. These funds are similar to the government-wide business-type activities, but provide more detail and additional information, such as a cash flow statement.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

## Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information that includes the Proprietary Fund budgetary comparison and the schedule of fines and assessments.

## **Government-wide Financial Analysis**

**Net Position.** As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At June 30, 2020 the Town's assets and deferred outflows exceeded liabilities and deferred inflows by \$16,396,822 (net position). This represents an increase in the Town's net position of \$1,850,627 or 12.7% from the prior year.

The following is a comparative presentation of the net position of the Town as of June 30, 2020 and June 30, 2019.

	Governmen	tal Activities	Business-type Activities		To	tals
	June 30, 2020	June 30, 2019	June 30, 2020	June 30, 2019	June 30, 2020	June 30, 2019
Assets:						
Current assets	\$ 3,037,677	\$ 3,100,103	\$ 6,521,767	\$ 2,429,272	\$ 9,559,444	\$ 5,529,375

Long-term liabilities	4,987,213	5,033,599	6,242,564	708,258	11,229,777	5,741,857
Total Liabilities	5,179,167	5,229,521	8,025,708	1,037,454	13,204,875	6,266,975
Deferred Inflows of Resources	179,726	208,740	29,258	33,981	208,984	242,721
Net position						
Net investment in capital assets	5,385,376	5,207,061	11,076,258	8,457,487	16,461,634	13,664,548
Restricted	298,589	573,434	4,239,567	691,234	4,538,156	1,264,668
Unrestricted	(1,184,312)	(1,212,552)	(3,418,656)	829,531	(4,602,968)	(383,021)
Total net position	\$ 4,499,653	\$ 4,567,943	\$11,897,169	\$ 9,978,252	\$16,396,822	\$ 14,546,195

The largest portion of net position reflects the Town's net investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items was \$16,461,634 at June 30, 2020. The Town's long-term liabilities as of June 30, 2020 were \$11,229,777, which was an increase of \$5,487,920 over the previous year. Restricted net position represents cash on hand for capital projects, drug fund, tourism, victim's assistance, debt service, 1% firefighter's fund, and repairs and maintenance.

## Change in Net Position.

The following is a comparative analysis of the changes in net position for the years ended June 30, 2020 and June 30, 2019:

Change in Net Position	(68,290)	111,398	1,918,917	387,105	1,850,627	498,503
Net Position- Beginning	4,567,943	4,456,545	9,978,252	9,591,147	14,546,195	14,047,692
Net Position- Ending	\$ 4,499,653	\$ 4,567,943	\$ 11,897,169	\$ 9,978,252	\$ 16,396,822	\$ 14,546,195

Overall program revenues went up \$1,888,231, which relate primarily to water fund grant income increasing approximately \$1,500,000. General revenues were \$3,417,967 in the current year compared to \$3,654,762 in the prior year. The decrease of \$236,795 is mostly attributable to the sale of timber for \$161,000 in the prior year, and a decrease in grants of \$50,000.

Overall expenses were up \$299,312, which relate primarily to an increase of approximately \$100,000 in public safety expenses for payroll and benefits, an increase of \$70,000 in water for materials and professional fees, an increase of \$60,000 in sewer for supplies and utilities, and an increase of \$70,000 for interest related to the Bond Anticipation Notice.

The following graph depicts the revenue sources for the various governmental activities of the Town.

**Revenue Sources - Governmental Activities** 

The following graph depicts the expenses for the various governmental activities of the Town.

# **Expenses for Governmental Activities**

The following graph depicts the program revenues and expenses of the Town's business-type activities.

The following pie chart shows the revenue sources for the business-type activities of the Town.

## **Revenue Sources - Proprietary Funds**

## Financial Analysis of Town Funds

The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town of Ridgeland's governmental funds is to provide information on near-term inflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported ending fund balances of \$2,763,562, a decrease of 1.9% or \$52,433. \$298,589 is restricted for capital projects, tourism, victim assistance, the drug fund, and 1% firefighter's fund leaving an unassigned balance of \$2,464,973.

Proprietary Funds. The Town's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. The Town has only one proprietary type fund which operates as an enterprise fund providing water and sewer services.

The total net position, of the proprietary fund, at the end of the fiscal year was \$11,897,169, an increase of 19.2% or \$1,918,917. Net position of \$4,239,567 is restricted for capital projects, debt service, and repairs. The investment in capital assets less accumulated depreciation and related debt is \$11,076,258, leaving a balance of \$(3,418,656) in unrestricted net position.

## **General Fund Budgetary Highlights**

The general fund revenues exceeded budgeted amounts by \$80,275 or 1.92%. These changes are mostly attributable to revenues not budgeted of \$33,829 and \$29,889 for grant revenue and sale of timber respectively. Expenditures on the budgetary basis were under budget by \$62,082 or 1.3%. This remaining difference was attributable to an issuance of debt of \$112,384 and transfers in of \$(268,671).

## **Capital Assets and Debt Administration**

## **Capital Assets**

The Town of Ridgeland's capital assets for its governmental and business-type activities as of June 30, 2020, totals \$19,509,871 (net of depreciation). The following schedule details the capital assets, net of depreciation, at June 30, 2020 with a comparison to fiscal year ended June 30, 2019:

	 overnmental Activities	Business-Type Activities	 June 30, 2020 Total	•	June 30, 2019 Total
Construction in Progress	\$ 668,509	\$ 5,788,234	\$ 6,456,743	\$	1,222,564
Land	1,270,665	1,244,658	2,515,323		2,515,323
Buildings and Improvements	1,741,700	68,592	1,810,292		1,868,914
Improvements other than Building	927,120	-	927,120		1,000,892
Machinery, Equipment, Vehicles	910,977	219,715	1,130,692		1,129,396
Infrastructure, Engineering and Legal	664,323	6,005,378	6,669,701		6,824,066
Total Capital Assets - net	\$ 6,183,294	\$13,326,577	\$ 19,509,871	\$ ^	14,561,155

Increases in capital assets in governmental activities were \$546,308 which includes \$307,577 for Jasper's Porch, \$3,015 for a trail project, \$124,174 for five Dodge Chargers, a heat pump for \$6,750, camera and security systems for \$30,650, a Ford F-150 for \$34,839, \$23,344 for two lawnmowers, and \$15,959 for Christmas equipment.

Increases in capital assets in business-type activities were \$5,236,125 which includes \$5,165,107 in construction in progress for the Jimmy Mixson and James Taylor projects, \$5,177 for cable and pipe detector, \$26,260 for a Ford Ranger, \$39,581 for water and sewer pump systems.

## Long-Term Obligations

At June 30, 2020 the Town has long-term obligations in the amount of \$4,987,214 in the Governmental Activities and \$6,242,564 in the Business-Type Activities. The long-term obligations are attributable to capital leases are for the acquisitions of two trucks, three Dodge Chargers, one F-150, a Motorola system, the Jasper's Porch building, the fire station building, the wastewater treatment plant upgrade, compensated absences, and net pension liability. The following schedule details the long-term obligations for the year ended June 30, 2020 with a comparison to fiscal year ended June 30, 2019:

	Governmental Activities	Business-Type Activities	June 30, 2020 Total	June 30, 2019 Total
Capital Leases	\$ 797,918	\$-	\$ 797,918	\$ 896,607
Bond Anticipation Notice	-	5,560,000	5,560,000	-
Net Pension Liability	3,995,133	650,370	4,645,503	4,641,293
Compensated Absences	194,163	32,194	226,357	203,957
Total Long-Term Debt	\$ 4,987,214	\$ 6,242,564	\$ 11,229,778	\$ 5,741,857

## Economic Factors and Next Year's Budget

The Town of Ridgeland is the County Seat of Jasper County, South Carolina. Jasper and its neighboring county, Beaufort, are two of the fastest growing counties in the State. Jasper had a population increase of 123% from the year 2000 to 2008. Along with the County, the Town of Ridgeland is rapidly expanding. In geographical area, the Town has grown from under 4 square miles five years ago, to its current size of 45 square miles. Most of the land that was annexed is currently undeveloped, forested acreage. However, development agreements have been signed between the Town and the owners of most of the newly annexed land to allow for thousands of new homes and millions of square feet of commercial and industrial space. The Town's budget must not only reflect maintaining the existing services it provides, but plan for the expansion of those services to accommodate for the new developments that have been approved. In the short term, the Town is facing the need for a new wastewater treatment facility and replacing many of our aging water service lines. Additionally, the Town will need new police and fire department facilities, including satellite offices and stations to serve the larger land area now incorporated into the Town. It is also anticipated that additional equipment and staff will be needed to handle approximately 100 acres in newly acquired municipal parklands. Despite the groundwork having been put in place that will eventually lead to substantial growth, the current economic climate indicates that it will be several vears before any significant revenues are generated through agreed upon impact fees or tax revenues. The poor economic climate also means that now is an advantageous time to move forward with the purchase of land and the construction of buildings that will be needed to support growth. The Town shall continue to move forward taking advantage of every opportunity, within its budget, to have a positive impact on the quality of life of its citizens for today and tomorrow.

The 2020-2021 fiscal year budget was prepared as a part of the annual budget process. The total budget approved for the general fund for fiscal year ended June 30, 2021 is \$4,538,563 with tax millage at 140.25 mills. The budget for the proprietary fund for fiscal year ended June 30, 2021 was set at \$2,367,013. The proprietary fund budget is expected to be funded with water and sewer fees charged to customers.

## **Request for Information**

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Town Administrator, Town of Ridgeland, South Carolina, P. O. Box 1119, Ridgeland, SC 29936.

## TOWN OF RIDGELAND, SOUTH CAROLINA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2020

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ (52,433)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays in expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$438,906) was less than capital outlays (\$546,308).	107,402
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Taxes	(6,025)
Governmental activities report compensated absences when paid, therefore current year accruals are not reported in the funds.	(20,906)
Governmental funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense. Pension contributions	(167,240)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items. Capital Lease Principal Payments	183,296
Issuance of Debt	 (112,384)
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ (68,290)

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Description of Government-Wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support.

## **Reporting Entity**

The Town of Ridgeland was incorporated in 1900. The Town operates under a council form of government and provides the following services as authorized by its charter: Public safety – Police and Fire Protection, Water and Sewer Services, Tourism, Parks and Recreation, General Services, Administrative Services, and Planning and Zoning. The Town Council is composed of five elected officials; a mayor and four council members, one of which acts as mayor pro-tempore. The Council hires a town administrator that oversees the day-to-day operations of the Town. The Town Council acts as the governing body of the Town with power to pass ordinances and adopt resolutions. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. The Town has no discretely presented component units.

## Basis of Presentation – Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the government's water functions and various other functions of the government. Eliminations of these charges would distort the direct costs and program revenues for the various functions concerned.

## **Basis of Presentation – Fund Financial Statements**

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental and proprietary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The Town reports the following major governmental funds:

The general fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The special revenue fund is used to keep track of cash disbursements and receipts for the police drug fund and 1% Firefighters Fund.

The Town reports the following major proprietary fund:

The water and sewer fund accounts for the activities of the water and sewer operations. The Town operates the sewage treatment plant, sewage pumping stations and collection systems, and the water distribution system.

During the course of operations, the Town has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the presentation of the government-wide financial statements.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in the governmental activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is the business-type activities column.

## Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

The Town's fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within the first 60 days of the end of the current fiscal period, except for grant reimbursements for which the availability period is 120 days. Expenditures generally are recorded when a liability is incurred as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt for acquisitions under capital leases are reported as other financing sources.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 120 days of year end). All other revenue items are considered to be measurable and available only when cash is received by the Town.

The proprietary fund is reported using the economic resources measurement focus and the accrual basis of accounting.

#### Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balances

#### Deposits and Investments

The Town considers cash and cash equivalents for cash flow purposes to be currency on hand, demand deposits with banks, amounts included in pooled cash and investment accounts, and liquid investments with an original maturity of three months or less when purchased. Investments for the Town are reported at fair value determined annually based upon quoted market prices.

#### Prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

#### Capital assets

Capital assets, which include property, plant, and equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items,) are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets, other than infrastructure, are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. For infrastructure assets the same estimated minimum useful life is used (in excess of two years), but only those infrastructure assets with an initial, individual cost of \$50,000 are reported as capital assets. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction of governmental-type activities is not capitalized.

All reported capital assets except land and construction in progress are depreciated. Useful lives for infrastructure are estimated based on the Town's historical records of necessary improvements and replacements. Depreciation is provided using the straight-line method over the following estimated useful lives:

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Capital Asset Classes	Years
Buildings	20-99
Improvements other than Buildings	20
Machinery and Equipment	5-20
Infrastructure	10-67

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expenses/expenditures) until then. The Town reports deferred outflows on the statement of net position for its net pension liability.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenues) until then. The Town has unavailable revenue resulting from property taxes that arises under modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. That statement of net position reports deferred inflows of resources related to its net pension liability. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

### Net Position Flow Assumptions

Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

## Fund Balance Flow Assumptions

Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

#### Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The Town itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Town's highest level of decision-making authority. The Town Council is the highest level of decision-making authority for the Town that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the Town for specific purposes but do not meet the criteria to be classified as committed. The Town Council has by resolution authorized the finance director to assign fund balance. The Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

#### **Revenues and Expenditures/Expenses**

#### Program Revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

## Property taxes

Taxes on real property and certain personal property attach as an enforceable lien on the property as of January 1. Taxes are levied and billed the following September on all property other than vehicles and are payable without penalty until January 15 of the following year. Penalties are assessed on unpaid taxes on the following dates: January 16 – three percent, February 1 – an additional seven percent, March 16 – an additional five percent. If not paid by October 1, the property is subject to sale by the delinquent tax office. Assessed property is subject to lien one year from the levy date if taxes remain unpaid. Taxes on licensed motor vehicles are levied during the month when the taxpayer's license registration is due for renewal. The property tax rate approved by ordinance for tax year 2019 is 137.76 mills.

#### Compensated absences

The Town's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable. Upon separation from service, no monetary obligation exists for accumulated sick leave. Therefore, no liability has been recorded.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### Proprietary Fund Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer fund are charges to customers for sales and services. The water and sewer fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

## NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

## **Budgetary Information**

In accordance with the State of South Carolina General Statute, the Town prepares an annual balanced budget ordinance. The basis of budgeting is the same as generally accepted accounting principles. The Town adopts annual budgets for the general fund using the modified accrual basis. An annual budget for the special revenue fund is not adopted as sufficient budgetary control is achieved through restrictions included in the various grant agreements.

In March, the budget process begins with a special comprehensive work session in which the finance department and Town manager meet with all department heads to discuss current and future trends, needs and goals of the Town. All department heads submit comprehensive lists of programs, projects, and initiatives to be considered in the upcoming budget and meet with finance department staff and the administrator individually. During May and June, formal budget workshops are held. The Council holds public hearings and a final budget must be prepared and adopted no later than June 30.

Budgets are prepared at the fund, function and department level. Budgets are adopted at the fund level and are amended as necessary during the fiscal year in one of two ways. First, the Town Manager delegated by Town Council, may make line item transfers within individual fund budgets with subsequent monthly notice to Town Council. Such transfers can neither increase nor decrease the overall budget at the fund level. Secondly, the budget may be increased or decreased at the fund level as changing circumstances dictate, subject to Town Council approval. There were no budget amendments during the year.

## NOTE 3 DEPOSITS AND INVESTMENTS

<u>Credit Risk</u> – The Town has an investment policy that limits investment types to those approved by the South Carolina Code of Laws to obligations of the United States and agencies thereof, general obligations of the State of South Carolina or any of its political subdivisions, certificates of deposit where the certificates are collaterally insured by securities described above held by a third party as escrow agent or custodian of a market value not less than the amount of the certificates of deposits so secured including interest, or repurchase agreements when collateralized by securities set forth above.

<u>Interest Rate Risk</u> – In accordance with its investment policy, the Town manages its exposure to declines in fair value by limiting the weighted average maturity of its investments to short-term investments in the South Carolina Local Investment Pool.

<u>Custodial Credit Risk</u> – Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a formal investment policy to address custodial credit risk. The Town has a deposit policy for custodial credit risk. All of the Town's deposits at year end were covered by federal depository insurance or by collateral held in the pledging financial institution's trust department in the Town's name. Therefore, none of the Town's deposits were exposed to custodial credit risk at June 30, 2020.

### **Restrictions on Cash and Investments**

Cash and investments restricted as to use are as follows:

	General	Revenue	Proprietary	
	Fund	Fund	Fund	Total

## **Governmental Activities**

Capital lease with SCB&T for the purchase of two Ford trucks, payable in monthly installments of \$887.56 including interest at 1.99% beginning January 12, 2017 for a period of five years. The balance due on this lease at June 30, 2020 is \$15,728.

Capital lease with Motorola for the purchase of radios, payable in annual installments of \$54,349.61 plus interest at 0% for the first two years then 3.39% for the remaining term beginning November 1, 2016 for a period of eight years. The balance due on this lease at June 30, 2020 is \$246,157.

Capital Lease with Honey Hill for the upgrading of the Fire station, payable in semi-annual installments of \$27,039.42 including interest at 2.865% beginning February 8, 2018 for a period of eight years. The balance due on this lease at June 30, 2020 is \$226,575.

Capital Lease with SSB for the Jasper Porch payable in annual installments of \$25,616.51 including interest at 2.98% beginning November 3, 2019. The balance due on this lease at June 30, 2020 is \$236,086.

Capital lease with Ford Motor Credit Company for the purchase of a Ford F-150, payable in annual installments of \$12,685.20 including interest at 7.75% beginning July 24, 2019 for a period of three years. The balance due on this lease at June 30, 2020 is \$22,699.

Capital lease with South State Bank for the purchase of three Dodge Chargers, payable in annual installments of \$26,344.25 including interest at 2.6% beginning November 29, 2019 for a period of three years. The balance due on this lease at June 30, 2020 is \$50,672.

## Business-Type Activities

Two Bond Anticipation Notices with Regions Equipment Finance Corporation in the amounts of \$4,412,000 and \$1,148,000 for the upgrade of the waterworks and sewer system. The payments are annual installments of interest only at 2.05% for two years until maturity. On October 1, 2021 the BAN will be rolled into a USDA Rural Development loan in the amount of \$5,560,000.

## NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

	•••	vernmental Activities
F-250's (2)	\$	66,878
Jasper Porch		357,917
Motorola Radios		345,003
Fire Station Addition		621,685
Ford F-150		34,839
Dodge Charger's (3)		73,821
Less: accumulated depreciation		(181,124)
	\$	1,319,019

The assets acquired through capital leases are as follows:

The annual requirements to amortize the leases payable, as described in the preceding paragraphs at June 30, 2020 are as follows:

	ernmental	
Year Ending June 30,	Α	ctivities
2021	\$	184,640
2022		185,323
2023		147,035
2024		151,611
2025		129,311
Total Minimum Lease Payments		797,920
Less Amount Representing Interest		(67,417)
Present Value of Minimum Lease Payments	\$	730,503

## **Compensated Absences**

Regular employees of the Town are entitled to vacation/personal leave as follows:

Years Continuous Service	Number of Days
After 6 months through 5 years	22
After 5 years through 10 years	24
After 10 years through 20 years	27
After 20 years through 50 years	30

Each day of leave consists of one eight-hour period.

All regular employees who are separated from service will be paid for all accrued vacation/personal leave days up to a maximum of 30 days or 240 hours.

All vacation/personal leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is reported in the governmental funds only to the extent they are payable from current resources.

Regular employees can accrue sick leave at a rate of 1 day per month. Sick leave days can be accumulated to a maximum of 40 days. Upon termination or retirement any unused sick leave is lost; therefore, sick leave is not recorded as an expenditure until paid.

Compensated absences are paid from the General Fund for the governmental activities and from the Water and Sewer Fund for the business-type activities. The accrued compensated absences at June 30, 2020 are \$194,163 and \$32,194 respectively, and include 18% for employee benefits.

## NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

### Pension Plan

### **Description of the Entity**

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, is the state agency responsible for the administration and management of the various Retirement Systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, and eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA issues a Comprehensive Annual Financial Report (CAFR) containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The CAFR is publicly available through the Retirement Benefits' link on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the comprehensive annual financial report of the state.

## Plan Descriptions

- The South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.
- The South Carolina Police Officers Retirement System (PORS), a cost-sharing multipleemployer defined benefit pension plan, was established July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

## NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

In addition to the plans described above, PEBA also administers three single employer defined benefit pension plans, which are not covered in this report. They are the Retirement System for Members of the General Assembly of the State of South Carolina (GARS), the Retirement System for Judges and Solicitors of the State of South Carolina (JSRS), and the South Carolina National Guard Supplemental Retirement Plan (SCNG).

## Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

- SCRS Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.
- PORS To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; be a coroner in a full-time permanent position; or be a peace officer employed by the Department of Corrections, the Department of Juvenile Justice or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

## **Benefits**

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of the benefit terms for each system is presented below.
## NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

SCRS - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

PORS - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

## Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS and PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00 percent for SCRS and 9.75 percent for PORS. The legislation also increased employer contribution rates beginning July 1, 2017 for both SCRS and PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year through July 1, 2022. If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS and PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

## NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

Additionally, the Board is prohibited from decreasing the SCRS and PORS contribution rates until the funded ratio is at least 85 percent. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 85 percent, then the board, effective on the following July first, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85 percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 85 percent, then following July first, and annually thereafter as necessary, the board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio of the system shows a funded ratio actuarial valuation of the system shows a funded ratio of less than 85 percent.

Required <u>employee</u> contribution rates<sup>1</sup> are as follows:

	Fiscal Year 2020 <sup>1</sup>	Fiscal Year 2019 <sup>1</sup>
SCRS		
Employee Class Two	9.00%	9.00%
Employee Class Three	9.00%	9.00%
PORS		
Employee Class Two	9.75%	9.75%
Employee Class Three	9.75%	9.75%

Required <u>employer</u> contribution rates<sup>1</sup> are as follows:

	Fiscal Year 2020 <sup>1</sup>	Fiscal Year 2019 <sup>1</sup>
SCRS		
Employer Class Two	15.41%	14.41%
Employer Class Three	15.41%	14.41%
Employer Incidental Death Benefit	0.15%	0.15%
PORS		
Employer Class Two	17.84%	16.84%
Employer Class Three	17.84%	16.84%
Employer Accidental Death Program	0.20%	0.20%
Employer Incidental Death Benefit	0.20%	0.20%

<sup>1</sup>Calculated on earnable compensation as defined in Title 9 of the South Carolina Code of Laws.

## **Actuarial Assumptions and Methods**

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2015.

## NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

The June 30, 2019, total pension liability (TPL), net pension liability (NPL), and sensitivity information shown in this report were determined by our consulting actuary, Gabriel, Roeder, Smith and Company (GRS) and are based on an actuarial valuation performed as of July 1, 2018. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year end, June 30, 2019, using generally accepted actuarial principles.

The following provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2019.

Actuarial cost method	<u>SCRS</u> Entry age normal	<u>PORS</u> Entry age normal
Investment rate of return <sup>1</sup>	7.25%	7.25%
Projected salary increases	3.0% to 12.5% (varies by service) <sup>1</sup>	3.5% to 9.5% (varies by service) <sup>1</sup>
Benefit adjustments	Lesser of 1% or \$500 annually	Lesser of 1% or \$500 annually

<sup>1</sup> includes inflation at 2.25%

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2016 Public Retirees of South Carolina Mortality table (2016 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

Assumptions used in the determination of the June 30, 2019, TPL are as follows.

Former Job Class	Males	Females
Educators	2016 PRSC Males multiplied by 92%	2016 PRSC Females multiplied by 98%
General Employees and Members of the General Assembly	2016 PRSC Males multiplied by 100%	2016 PRSC Females multiplied by 111%
Public Safety and Firefighters	2016 PRSC Males multiplied by 125%	2016 PRSC Females multiplied by 111%

## Net Pension Liability

The NPL is calculated separately for each system and represents that particular system's TPL determined in accordance with GASB No. 67 less that System's fiduciary net position. NPL totals, as of June 30, 2019, for SCRS and PORS are presented below.

System	Тс	otal Pension Liability	Pla	Employers' Net Plan Fiduciary Net Pension Liability Position (Asset)		Plan Fiduciary Net Position as a % of the Total Pension Liability		
SCRS	\$	4,606,786	\$	2,505,980	\$	2,100,805	54.4%	
PORS		6,820,702		4,276,005		2,544,698	62.7%	
	\$	11,427,488	\$	6,781,985	\$	4,645,503		

The TPL is calculated by the Systems' actuary, and each plan's fiduciary net position is reported in the Systems' financial statements. The NPL is disclosed in accordance with the requirements of GASB 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the plans' funding requirements.

# NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

## Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2019 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table on the following page. For actuarial purposes, the 7.25 percent assumed annual investment rate of return used in the calculation of the TPL includes a 5.00 percent real rate of return and a 2.25 percent inflation component.

		Expected Arithmetic Real	Long Term Expected Portfolio Real Rate
Asset class	Policy Target	Rate of Return	of Return
Global Equity	51.0%		
Global Public Equity	35.0%	7.29%	2.55%
Private Equity	9.0%	7.67%	0.69%
Equity Options Strategies	7.0%	5.23%	0.37%
Real Assets	12.0%		
Real Estate (Private)	8.0%	5.59%	0.45%
Real Estate (REITs)	1.0%	8.16%	0.08%
Infrastructure (Private)	2.0%	5.03%	0.10%
Infrastructure (Public)	1.0%	6.12%	0.06%
Opportunistic	8.0%		
Global Transaction Asset Allocation	7.0%	3.09%	0.22%
Other Opportunistic Strategies	1.0%	3.82%	0.04%
Credit	15.0%		
High Yield Bonds/ Bank Loans	4.0%	3.14%	0.13%
Emerging Markets Debt	4.0%	3.31%	0.13%
Private Debt	7.0%	5.49%	0.38%
Rate Sensitive	14.0%		
Core Fixed Income	13.0%	1.62%	0.21%
Cash and Short Duration (Net)	1.0%	0.31%	0.00%
Total Expected Return	100.0%		5.41%
Inflation for Actuarial Purposes			2.25%
			7.66%

## **Discount Rate**

The discount rate used to measure the TPL was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

## Sensitivity Analysis

The following table presents the collective NPL of the participating employers calculated using the discount rate of 7.25 percent, as well as what the employers' NPL would be if it were calculated using a discount rate that is 1.00 percent lower (6.25 percent) or 1.00 percent higher (8.25 percent) than the current rate.

# NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

Sensitivity of the Net Pension Liability to Changes in the Discount Rate										
System	1%	1% Decrease Current Discount (6.25%) Rate (7.25%)							19	% Increase (8.25%)
SCRS	\$	2,646,494	\$	2,100,805	\$	1,645,279				
PORS		3,448,669		2,544,698		1,804,117				
	\$	6,095,163	\$	4,645,503	\$	3,449,396				

## Pension Expense

Components of collective pension expense reported in the Schedules of Pension Amounts by Employer for the fiscal year ended June 30, 2019, are presented below:

Description		SCRS	PORS		
Service cost (annual cost of current service)	\$	89,046	\$	168,151	
Interest on the total pension liability		318,603		469,437	
Plan administrative costs		1,429		2,305	
Plan member contributions		(81,021)		(128,522)	
Expected return on plan assets		(173,935)		(293,605)	
Recognition of current year amortization - Difference between expected and actual experience &					
assumption changes		35,366		84,327	
Recognition of current year amortization - Difference					
between projected and actual investment earnings		50,138		76,958	
Other		123		(1,020)	
Tota	al \$	239,749	\$	378,031	

Additional items included in Total Employer Pension Expense in the Schedules of Pension Amounts by Employer are the current period amortized portions of deferred outflows and/or inflows of resources related to changes in employers' proportionate share of the collective NPL and differences between actual employer contributions and proportionate share of total plan employer contributions. These two deferrals are specific to cost-sharing multiple-employer defined benefit pension plans as discussed in paragraphs 54 and 55 of GASB 68.

## Deferred Outflows of Resources and Deferred Inflows of Resources

The schedules beginning on the following page reflect the amortization of collective deferred outflows/(inflows) of resources related to pensions outstanding as of June 30, 2019.

# NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

SCRS	_	Deferred Deferred Outflows of Inflows of			
Difference between expected and actual experience Assumption changes Net difference between projected and actual earnings Changes in proportion and differences between contributions	\$	1,444 42,334 18,599	\$	15,092 - -	
and proportionate share of contributions Contributions subsequent to the measurement date Total	\$	107,680 152,623 322,680	\$	86,127 - 101,219	
PORS	Ou	eferred tflows of sources	In	eferred flows of sources	
Difference between expected and actual experience Assumption changes Net difference between projected and actual earnings Changes in proportion and differences between contributions and proportionate share of contributions Contributions subsequent to the measurement date Total	\$	52,324 100,910 32,265 6,623 226,564 418,686	\$	18,807 - - 88,958 - 107,765	
Total All Plans	\$	741,366	\$	208,984	

As discussed in paragraph 71b of GASB 68, collective deferred outflows of resources and deferred inflows of resources arising from differences between projected and actual pension plan investment earnings in different measurement periods should be aggregated and included as a net collective deferred outflow of resources related to pensions or a net collective deferred inflow of resources in the Schedules of Pension Amounts by Employer reflects the current net difference between projected and actual pension plan investment earnings.

Additional items reported within the Outstanding Balance of Deferred Outflows and Inflows of Resources in the Schedules of Pension Amounts by Employer result from the two cost-sharing multiple-employer defined benefit pension plan-specific deferrals previously discussed.

The amounts reported of \$152,623 and \$226,564 that was reported as deferred outflows of resources related to the Town's contributions subsequent to the measurement date to the SCRS and PORS, respectively, will be recognized as a reduction of the net pension liabilities in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to the SCRS and PORS will increase (decrease) pension expense as follows:

# NOTE 6 LONG-TERM OBLIGATIONS – CONTINUED

Amortization of Deferred Outflows/Inflows of Resources							
Amortized period ending June 30,		SCRS		PORS		Total	
2020	\$	62,487	\$	96,794	\$	159,281	
2021		(12,720)		9,043		(3,677)	
2022		6,856		(11,409)		(4,553)	
2023		12,215		(10,071)		2,144	
Net Balance of Deferred Outflows/(Inflows) of Resources	\$	68,838	\$	84,357	\$	153,195	

#### **Employer and Nonemployer Contributions**

Employers' proportionate shares were calculated on the basis of employer and nonemployer contributions remitted to the plan. In an effort to help offset a portion of the increased contribution requirements for employers, the General Assembly again provided nonemployer contributions to PEBA. Based on the criteria provided in the South Carolina 2018-2019 Appropriations Act, Section 117.139, PEBA issued credit invoices to certain SCRS and PORS employers for fiscal year 2019 who then applied the credit invoices towards contributions otherwise due to the Systems. The amount of credit invoices issued in fiscal year 2019 totaled \$88.7 million and \$12.5 million for SCRS and PORS respectively.

Employer contributions recognized by the Systems that are not representative of future contribution effort are excluded in the determination of employers' proportionate shares. Examples of employer contributions not representative of future contribution effort are contributions towards the purchase of employee service purchases and employer contributions paid by employees.

The following table provides a reconciliation of Employer and Nonemployer contributions in the plans' Statement of Changes in Fiduciary Net Position (per the Systems' separately issued financial statements) to the Employer and Nonemployer contributions used in the determination of employers' proportionate shares of collective pension amounts reported in the Schedules of Employer and Nonemployer Allocations.

	SCRS	PORS
Employer Contributions Reported in SCRS Statement of Changes in Net Position for the fiscal year ended June 30, 2019	\$ 133,293	\$ 210,958
Nonemployer Contributions Reported in SCRS Statement of Changes in Net Position for the fiscal year ended June 30, 2019	8,161	11,072
Employer Contributions Not Representative of Future Contribution Effort	(2,967)	(7,147)
Employer and Nonemployer Contributions Used as the Basis for Allocating Employers' Proportionate Shares of Collective Pension Amounts - June 30,	 	 
2019 Measurement Date	\$ 138,487	\$ 214,883

## Additional Financial and Actuarial Information

Information contained in these Notes to the Schedules of Employer and Nonemployer Allocations and Schedules of Pension Amounts by Employer (Schedules) was compiled from the Systems' audited financial statements for the fiscal year ended June 30, 2019, and the accounting valuation report as of June 30, 2019. Additional financial information supporting the preparation of the Schedules (including the unmodified audit opinion on the financial statements and required supplementary information) is available in the Systems' CAFR.

## Payables to the Pension Plan

At June 30, 2020, the Town reported no payables due for the month of June.

## NOTE 7 RISK MANAGEMENT

The Town purchases various insurance policies providing coverage of worker's compensation, tort, property, casualty, and cyber liability. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. The insurers promise to pay to or on behalf of the insured for covered economic losses sustained during the policy in accordance with insurance policy and benefit program limits.

The State of South Carolina itself assumes substantially all risks, through a state risk pool, for the following:

- 1. Claims of covered public employees for long-term disability and group life insurance benefits (South Carolina Retirement System and State Accident Fund).
- 2. Property and casualty insurance on equipment and vehicles owned by the Town of Ridgeland, as well as tort liability on the Town's employees (South Carolina Insurance Reserve Fund).

The Town's only responsibility under the state's insurance pool is to pay the premiums due.

The Town has recorded insurance premium expenditures in the applicable functional expenditure categories. These expenditures do not include estimated claim losses and estimated premium adjustments. There have been no significant reductions in insurance coverage since the prior year. The amounts of settlements have not exceeded coverage in each of the past three years.

## NOTE 8 CONTINGENCIES AND COMMITMENTS

In the normal course of business the Town is subject to claims and litigation. However it is the opinion of Town management that the Town does not have any ongoing or threatened litigation.

# NOTE 9 GRANTS

The Town receives financial assistance from numerous federal, state and local governmental agencies in the form of grants. Disbursements of funds received under these programs generally require compliance with the terms and conditions specified in the grant agreements. The disbursements are also subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Town; however, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund type's herein or overall financial position of the Town at June 30, 2020.

# NOTE 10 INTERFUND RECEIVABLES, PAYABLE, AND TRANSFERS

The Water and Sewer Fund budgeted and actually transferred \$405,000 to the General Fund.

In fiscal year 2014, the Town borrowed \$227,000 from the Water and Sewer Fund. At the time, the Water and Sewer Fund owed the General Fund \$91,250, resulting in a net \$135,750 due to the Water and Sewer Fund. Annual payments of \$45,400 will be made to pay off the amount owed to the Water and Sewer Fund, with the first payment being made in August 2016. The balance at June 30, 2020 is \$44,950.

## NOTE 11 FUND BALANCES AND NET POSITION

In the fund financial statements, governmental funds report restrictions of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

In the Government-Wide Financial Statements, net position is classified in the following categories:

**Net investment in capital assets** - This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce this category. The capital assets and related debt are as follows:

	Governmental		Business-type	
	Activities		Activities	Total
Capital assets	\$	10,754,440	\$ 21,460,554	\$32,214,994
Less accumulated depreciation		(4,571,146)	(8,133,977)	(12,705,123)
Less debt		(797,918)	(5,560,000)	(6,357,918)
Cash on hand from bond issuance		-	3,309,681	3,309,681
Total	\$	5,385,376	\$ 11,076,258	\$16,461,634

**Restricted Net Position –** This category represents the net position of the Town, which is restricted by external parties (creditors, grantors, contributors, or laws and regulations). The restricted net positon is as follows:

	Gov	ernmental	Bu	siness-type	
	Α	ctivities		Activities	Total
Restricted for Capital Projects	\$	12,244	\$	3,700,050	\$3,712,294
Restricted for Drug Fund		56,482		-	56,482
Restricted for Debt Service		-		375,149	375,149
Restricted for Tourism		200,889		-	200,889
Restricted for Victim Assistance		10,604		-	10,604
Restricted for 1% Firefighters Fund		18,370		-	18,370
Restricted for Repairs and Contingencies		-		164,368	164,368
Total	\$	298,589	\$	4,239,567	\$4,538,156

**Restricted fund balance** – Indicates that portion of fund balance that is not available for appropriation or which has been legally segregated for specific purposes. At June 30, 2020, the restricted fund balance in the General Fund is \$223,737 and the Special Revenue Fund is reporting \$56,482 restricted for the Police Drug Fund and \$18,370 for 1% Firefighters Fund.

## NOTE 12 TAX ABATEMENTS

The Town negotiates property tax abatement agreements on an individual basis. The Town has tax abatement agreements with the following as of June 30, 2020:

Purpose	Percentage of Taxes Abated During the Fiscal Year	Amount of Taxes Abated During the Fiscal Year
Provide infrastructure for solar power expansion	24%	\$ 12,410

Industries that invest at least \$2.5 million in South Carolina may negotiate for a fee-in-lieu of property taxes. This can result in a savings of about 24% on property taxes otherwise due for a project. Certain large investments may be able to further reduce their liability by negotiating the assessment ratio from 10.5% down to 6%. For large investments, the assessment ratio can be reduced down to 4%. The County and the industry may agree to either set the millage rate for the entire agreement period or have the millage change every five years in step with the average millage rate for the area where the project is located. Any personal property subject to the fee in lieu of property taxes depreciates in accordance with South Carolina law, while the real property is either set at cost for the life of the agreement or can be appraised every five years.

## NOTE 13 SUBSEQUENT EVENTS

The Town has evaluated subsequent events through December 16, 2020, the date the financial statements were issued, and determined that the following events have occurred that could materially affect the financial statements.

Since December 31, 2019, the spread of COVID-19 has severely impacted many local economies around the globe. The World Health Organization (WHO) declared the COVID-19 outbreak a pandemic on March 11, 2020. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position of the Town for future periods.

**REQUIRED SUPPLEMENTARY INFORMATION** 

#### TOWN OF RIDGELAND, SOUTH CAROLINA STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - BUDGET AND ACTUAL GENERAL FUND FOR THE YEAR ENDED JUNE 30, 2020

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Mayor and Town Council Town of Ridgeland, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Ridgeland (Town), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated December 16, 2020.

## Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
